PROFESSIONAL SUMMARY

Computer Science student with experience developing object-oriented applications using C++. Strong foundation in problem-solving, debugging, Git version control, and software development practices. Seeking opportunities to continue developing technical skills through academic and personal projects.

TECHNICAL SKILLS

Programming Languages: C++, HTML, CSS

Software & Tools: Visual Studio, Git, GitHub, Microsoft Office

Technical Concepts: Object-Oriented Programming, Classes & Objects, Functions, Loops, Input Validation, Debugging, Version Control, Pull Requests

TECHNICAL EXPERIENCE

Current Course Project

- Developed a C++ console application using object-oriented programming.
- Implemented multiple classes, functions, and user input validation.
- Used Git and GitHub for version control using commits, branches, and pull requests.
- Tested, debugged, and refined the application through iterative development.
- Created technical documentation and a project demonstration.

PROJECTS

Truth or Dare Game

Developed a console-based Truth or Dare game in C++ using object-oriented programming, file I/O, input validation, and CSV data handling to dynamically load game questions. Refactored and debugged the codebase while using Git/GitHub for version control, strengthening skills in pointers, data management, error handling, and software design.

EDUCATION

Full Sail University (2028)

Bachelor of Science in Computer Science

Expected Graduation: Month Year

Relevant Coursework:

- Programming Fundamentals
- Object-Oriented Programming
- Software Development
- Version Control

EXPERIENCE (OPTIONAL)

Library Technology Volunteer

LA County Library — Los Angeles County, CA

- Assisted library patrons with basic computer, printing, scanning, and technology-related questions.
- Provided friendly technical support while helping community members navigate digital resources and library services.

CERTIFICATIONS (OPTIONAL)

- **Office Management Career Certificate** — Career Online High School
- **GitHub Foundations** — GitHub
- **C++ Programming** — LearnCpp
- **Responsive Web Design** — freeCodeCamp
